Famine - Bellary taluk - Test works opening.

Ref: 1. My letter A-5 No. 5906-37 dated 3-12-1937.

2. Board's Ref. No. M. 6897/37-6 dated 4-12-37

As no estimate was ready for Moka-Gulyam road which was sanctioned in G.O. Ms. 2482 dated 1-12-1937, I requested the Board in my letter read above to sanction the collection of metal for Kurnool-Bellary road lying in Bellary and Alur taluks. The Board in its reference read above sanctioned my proposal. But subsequently the Executive Engineer, Bellary, inspected the road on 6-12-1937 and reported that metal is not available at a convenient distance. He says that he is now ready to take up the Moka-Gulyam road and work on. This is being started in anticipation of sanction. An estimate is ready. This road, was not included in the Famine Programme of 1937-38, but an estimate has since been sanctioned by the District Board and it is now ready for execution. I request that the Board may be pleased to include it in the programme and restore the sanction for this road. This would make the number of road works sanctioned so far 8.

2. The President, District Board, Bellary, recommends that the following roads may be entrusted to the District Board with some special grant or taken up by Government as test works

so that they may serve a few affected villages in Bellary and Siruguppa taluks.

1.Repairs to Kamoli-Yemmiganur road.

2.Laying out and completion of Emmiganur to Sirigeri road. These two roads were not included in the Famine Programme of 1937-38 but, however, estimates are ready for them. I request that the Board may be pleased to include them in the Famine Programme of 1937-38. Whether they will be taken up or not depends upon the circumstances later.

regret that I should have to make such changes in my proposals. But the Moka.Gulyam road, which would serve both sides of the Hagari river was the more desirable work. Then I had to drop it, as the Executive Engineer said that he could not take it up. Later he found the work feasible and I have therefore started it.

Note file

Famine - Bellary - Test. works - observing.

Js (7)
AS (Sett)

No. 7236 from the Coll. of Bellary. A.S. (Sett)

Please see the letter from the Collector of Bellary at pp 1-2 Cf.

The Coll. states that it is now found inconvenient to take up gravel collection for Bellary - Kurnool Road, (sanctioned in the place of Moka - Gulyam road) as gravel is not available at a convenient distance. The estimates for Moka - Gulyam Road are now reported to be ready The Coll. therefore requests that the sanction for the Moka - Gulyam Road may be restored, thus making the total no. of sanction works, eight.

Bellary - Kurnool road was substituted for Moka - Gulyam road originally since the Coll. reported that estimates were not ready for the latter. Since the estimate are now reported to be ready, the starting of this work may be

be approved. ~~The Collr may be~~ asked to take up Bellary-Kurnool road after all the seven sanctioned works have been opened. He may be asked to write ~~for sanction then~~.

~~For order~~.

PBL 13/12

The Collr. requests that this road as well as two other roads referred to in para 2 of his letter may be included in the programme of famine relief works. Under Sec. 45 of the code, the test works need not necessarily be works included in the programme. The Collr may be asked to address the Board for opening any of the three works as test works when the necessity therefor arises.

Examine separately the question whether these works can be included in the F.R. programme

[A separate note is kept on this]
